

MY ROOM

Safe & Sound
Exploring the rest of me

By Jesse Di Michele

THE PERFORMER

Show off

Show off those fine words
I WANNA STOP

Show off those fine steps
I FEEL SICK

WHAT NEXT?

Show off that smile

THEN GET TOLD NO

Don't show it off
IN COMES THE SHADOW OF THE PERFORMER

Is it he who is doing
and NOT BEING?

A complete costume on the outside

A representation of all the things he owns

Eat all those contradictory words

Eat them all

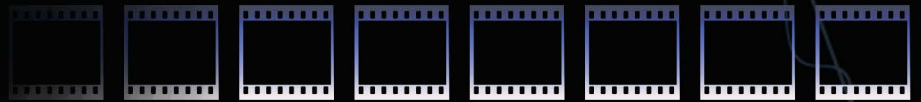

WHAT A SHADOW TO BREAK THROUGH

A mighty mask

That only runs off a program based on its past

- Connected
- Hot wired
- Programmed
- Tangled
- Caught in my own web

GLIMPSES OF ETERNAL LIGHT AND FREEDOM - FREEDOM FROM MY OWN MASK

If I were to scurry my way out of my own web
I would truly get caught

THE MORE I PUSH

to move forward
out of my own demise

The web I lay intangled
wraps itself MORE around me

Not by itself
BY ME

The busy WORKING BEE

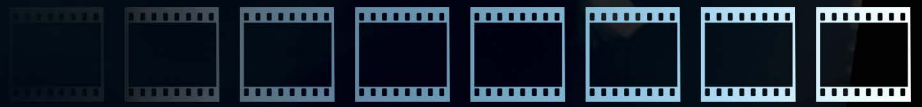

WHAT A SHADOW TO BREAK THROUGH

A mighty mask

That only runs off a program based on its past

- Connected
- Hot wired
- Programmed
- Tangled

To untangle must be done delicately

WITHOUT FEAR

WITHOUT A PUSH OR AN URGE

Would lead to settling in *TO WHAT WAS AND WHAT IS*

Fear is the very thing required to break free

Control your Fears

Otherwise lay in tears forever intangled

I begin humming a tune felt from a

- VIBRATION

- That could of been from a long time ago

GOOSE BUMPS RISE AS THE TUNE SUBSIDES

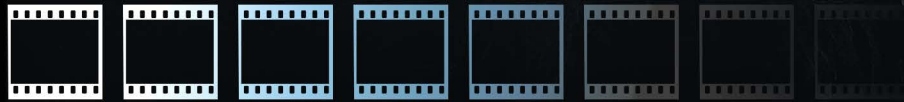

NOW CONTROL

Control that noise running in your mind

A mighty mask

That only runs off a program based on its past

- Connected
- Hot wired
- Programmed

*"Accept the world today
and what it may become."*

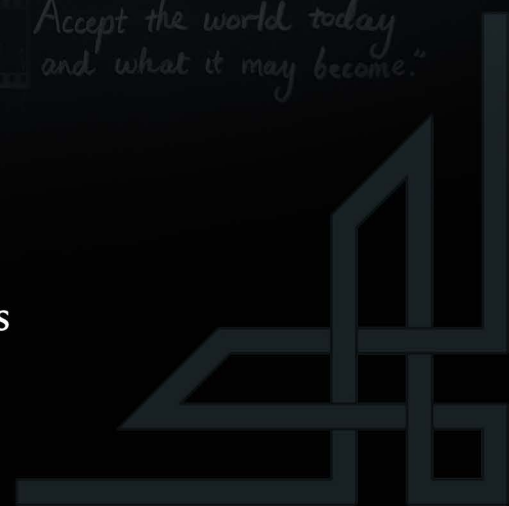

Did I set up a family tree?

Did I draw a layout of the cards dealt before me?

Or did I set a back up? - To return to if all else fails

On my journey

TOWARDS THAT ETERNAL LIGHT

◎ UNKNOWING & UNAWARE ◎

**THAT I WAS CREATING A
PROGRAM
WITHOUT ANY CARE**

The mighty mask

That only runs off a program based on its past

- Connected
- Hot wired

HOT WIRED TO BELIEVE

To be told

Not just in another voice alone

That it's a never ending journey that will test you
You will even fail

WHY BOTHER?

Hot wired to believe
What we are is what we are
And there is no point going so far

ONCE YOU'RE HAPPY, STAY HAPPY

No one has that control

Not until they MAY HAVE REACHED

A Journey Forfilled

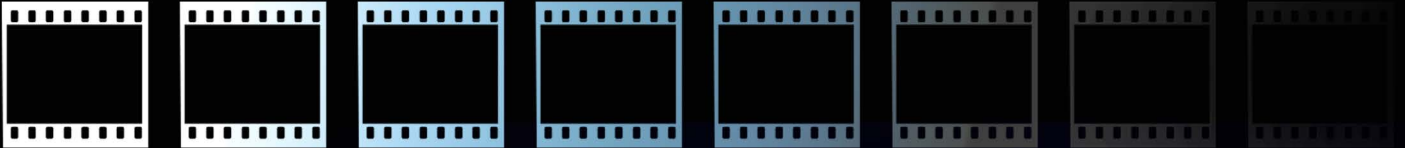

For the mighty mask

That only runs off a program based on its past

-Connected

STAY TRUE TO YOU

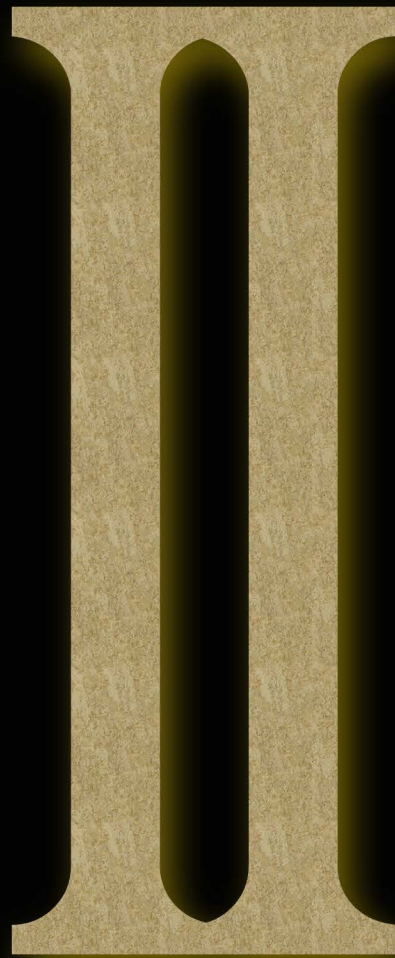

THAT'S RIGHT, YOU

A message from my higher self

Not just the words from a human being placed on this earth
With hands and feet to scurry about

A TRUE - higher power
That can mirror me

And give the advice needed, just in time
Before I hear THE WRONG advice given by another passing by

EARNING MY STRIPES
WITH MY HIGHER SELF

Just ME and MY HIGHER SELF sitting on top of the world

These words have been said before

I CAN'T

Yes you can see deeper

Deeper into yourself like never before

THE DATE WITH THE DEVIL IS OVER
NOW AN ANGEL STEPS IN AND LIGHTS THE WAY

These words have also been said before

I CAN'T

Yes you can look deeper

Deeper than you ever have before

SOMETHING'S NEVER CHANGE

That's been said
That's been said before

THE DEEPER I GO

Means, my hands cannot write
For I am stuck sharing

Twiddling with my thumbs in the twilight

I'M LOOKING only at the surface of WHAT MY MESSAGE MEANS

- No

Your going deeper

Can't you see?

Deeper than you ever have before

These youthful words have been said before

BY ME

NOT HEARD ON TV

BUT BY ME

RESTING IN MY ROOM

Without nothing but 4 walls in front to see

Those words

What were they?

That were said by me

BACK to sharing to AN UNGREATFUL UNEARTHED

Non listening pack of Fools
That I've witnessed only far too many times

I HAVE THE ADVICE I'VE FELT THE WORDS

Of his truly

My higher self

ONLY TO BE TOLD

You're possibly loosing yourself
Or untrained

To what am i untrained
Perhaps I'd understand UNTAMED

FOR I SHARE AND SHARE

Everytime I glare

Glare into the very answers revealed to me

- My higher self

Spoken like a true humble light knight

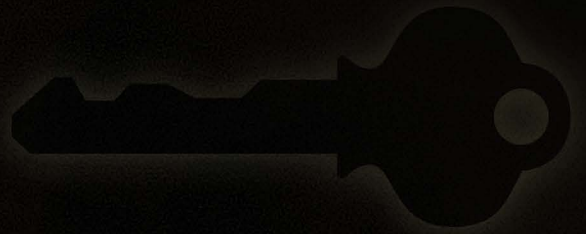

But how to speak not just only to me

STUCK WITH the very PARADISE All wish TO SEE

Stuck In my mind
Like one of a kind

A USB WOULD BE TREASURE TO FIND

Into my mind and POW

WISH I COULD FIND YOUR SOCKET

Or berry the damned thing deep into your pocket

I'll make a copy

SURE

For you all to see

But you'll PROBABLY be to busy TRYING to tune in

To the very thing that I can see

I DONT SLEEP - Not right now

And it doesn't bother little old me

Because I only say "I"

I DONT SLEEP

Because the "I" in RIGHT NOW

Is me sharing - **WORKING HARD for all of YOU**

PRAYING - I would call it WISHING

I'm spraying the damned knowledge out my nose

Why?

BECAUSE it's un heard and unseen

Even if my words made sense

WHAT IS TRUE SENSE? YOU TELL ME

Is it really what is or what was?

(Mike drop)

(silence across my higher mind)

Humming

SOMETHING'S NEVER CHANGE

SHARE SOME MORE

SHARE

SHARE SOME MORE

What for?

To then FIND OUT LATER there's a better way
THEY SAID "I WAS DOING IT ALL WRONG"

We are all learning

WHAT ARE WE FIGHTING FOR?

OR IF NOT ME

YOU

You and her

Or you and him

Could be a crowd of Fools

FIGHTING TO SHARE

Share an opinion based on there findings

Jesse Di Michele 11/12

I'd RATHER SHARE a BEAUTIFUL meal

On a paradise island surrounded by fine dining's

Silence in my mind

WHEN DOES IT STOP?

That white noise buzzing in my ear

MY HIGHERSELF KNOWS TOO WELL - THAT THE SILENCE

Can never be heard by the young man in me

He doesn't weep **FOR ME**

My higher self is not a he

Just simplifying the term used and understood by MOST and ME

BENEVOLENT YOU ARE

When you look **INTO** me and say hey

YOU

BE YOU

THE WORDS YOU SPEAK FROM YOUR MOUTH

WILL NEVER HOLD A HIGHER LEVEL

THAN THE WORDS PLACED IN YOUR HEART

Can I talk from my heart
DEAREST DIARY?

The answers NO

Because that's not what my heart's used for

Do you see a mouth on my heart?

There's an eye

But a mouth to speak from my very heart

Jose Di Michele 14/10/2023

Try it
You'll see
I'll Give you 10 seconds

And watch the way your lips come back to that mask
The ONE the WORLD GAVE YOU

REMEMBER THE MIGHTY MASK

You may speak from your heart alone
On that date

The date with YOURSELF spoken true

SILENTLY IN THE DARK

HERE is my sound

The tune played to him

My higher self remember

Makes it easier for you to see

FOR IT ALL COMES TOGETHER LIKE TRUE ART

Remember the best voice
Is the one SILENT

SHARING straight from the **HEART**

SOMETHINGS NEVER CHANGE

Somethings never change

Sitting alone in my silence

I can tell you ONE of the things that change ABOUT me
It's my face I carry all my life

Then there are somethings
that will never change
within me

I Guess ME and YOU are alike

I see my face and the only change I see

Are the lines going deeper showing you I'm on a huge journey

The truth lies inside
what journey are you on?

Is it of the light or of the dark side?

Or are you cheering from both?

I'm of the light

I've said it before
A LIGHT KNIGHT

Do I give up?
Do I say no?
Never!

Only to the darkness I'll show my back
If it try's to PUT ME under ATTACK

Who's in charge, me or you?

Said only to my shadows in a SILENT NIGHT
My light doesn't put up a FIGHT

It's there to guide

So darkness? Step out into your shadow

Guide me 

Friends or foes?

The only one that knows

is you

When you spot a fear
Out in the open
nor in shadow or in the light

But out in the world just COPING

That fear will test
if your shadows are with you

Are they guiding you?
KEEPING YOU SAFE?

Or tearing you DEEPER
to a scarier PLACE

Careful my friend
says my dear shadow

That stage light is of an artificial foe

Created from man,
who saw a glimpse of his own eternal light

And wanted to prove to all - to show it was so bright

I'll show you the way, he shines his light

Leads you on stage
and you got a fright

It's because that light
The one you see

It's artificial made by man
Easy to use - 1 - 2 - 3
with the FLICK of a switch

Awareness my friends

The game is not that easy says my shadow to me

Warning me of many things
that may try to creep up on me
in the middle of the night

I'm not a fool

No sir-ree

Your chants and magic may be clearer than me
But my hearts song plays Loud and proud when i'm down on one knee

In tune In the dark
In tune in the light

Humming like a dragon without a worry in sight

Understanding that there is no fight

Not in me

The fight is over you see

I've lived with a heart open to all
Now it's up to my mouth to say it all

As fast as I can day and night

My words will catch up to that tune

Played in my very heart all those days and nights

My heart will never change
It's always been true

To myself including all of you

Dearest heart of all
I bow my head
My soul
And spread thanks to you
You're more powerful than us all

Some things
Will never change in me

A DIFFERENT LOOK INSIDE

I KNOW WHY I'M WRITING - I'M CATCHING UP
To make sense of it all

I'VE KNOWN ALL ALONG

Difference is now
I'm tuning into a different song

AND I MUST SAY

I've never tried this fine new way

DELICATE
VERY DIFFERENT
UNLIKE I'VE SEEN BEFORE

WE ALL HAVE TO FIGHT

This is the pro level that I can see

TO SEE OR NOT TO SEE

Sounds like a song
Makes me laugh

WORDS UNTOLD ONLY FELT FROM INSIDE

Shut me up I dare you to try
No one could ever stop me

GOOD LUCK

you'll only hear silence when my time is up

CONTRADICTIONS

I HAD TO SING THIS ONE OUT

The love in my heart once upon a time was a silent word
Now the word of Love spreads throughout

I rode with loud and proud
She was the sweetest girl I'd ever seen

EXPECTED OF ME

Could a love unknown be expected of me

*Or is that thought a false profit in disguise
Made to make me feel a sadness deep inside*

Not sure what it is that's expected of me

*Close this path and begin another
A new line of faith not wanting to see*

Why are you making it so hard on me?

*I'm not in control I've said it before
I am doing what I'm doing to help open the door*

You want to open my doors yourself

*The Contradictions will have to be dealt
I'll play hard to get, because later you'll feel the regret*

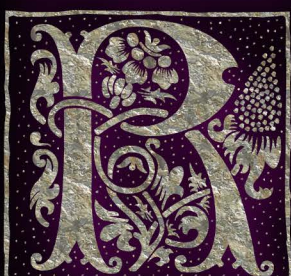

*Nobody wants you and nobody wants me
Cause we're too weird can't you see*

Love and kindness

*Seems to be a weakness that nobody wants to see
Digging myself a hole is what people see*

But for me

*It's not a hole it's a home that I'm comfortable to be me
I truly do not know what is expected of me*

THE FINAL PIECE OF THE PUZZLE

How could I begin to write?

When the final peice has not been placed

Within my sight

A day dreamer

A WANDERER

Insightful news
dampens my light

It's never going to be right

*Without that final peice
my words only state*

GOOD MORNING AND GOODNIGHT

This peice that I'm after
it locks all four corners in tight

**UNTIL THAT DAY
OR NIGHT COMES**

It's wake up

Brush your teeth

SHOWER

And don't forget to eat

Use your manners

And plan all your movements

**UNSEEN UNHEARD SWIFTLY
IN THE SHADOWS**

AWAY FROM ALL THE CAMERAS

The peice I'm looking for
cant be found

*It'll find me
even in the
darkest of places
All over town*
